I have a suggestion. Maybe we could write a rescue about Lost Lake?

[http://en.wikipedia.org/wiki/Lost\\_Lake\\_\(Santiam\\_Pass,\\_Linn\\_County,\\_Oregon\)](http://en.wikipedia.org/wiki/Lost_Lake_(Santiam_Pass,_Linn_County,_Oregon))

A diver is trapped in the lava tube by subsidence. Locals can't reach him/her so they call IR. Either the lava tube has to be big enough to contain TB4 or Gordon, Scott, or Tin-Tin go down. Maybe Will? Depends on who is good for diving.

For some strange reason, I like lava tubes...
