Okay, I've been listening to this song for a few months now, and thinking it would be a terrific new theme of sorts for Thunderbirds. Today as I was driving home from the neurologist, I suddenly had a vision of a anime-styled IR:TNP opening credits using this song. Dangerous to be thinking that way while driving!

Anyhoo, the song is "I'm Alive" by Shinedown. It's from The Avengers. Tell me what you think!

It doesn't really work for me, to be honest. I read some of the lyrics and the lyrics are cool, but I can't filter the sounds correctly (weird ears) and it just sounds like noise. Oh well!
